General comments/feedback/ideas. We want to hear from you!

Do we really need to continue with the 09' let's blaze slogan? Lol
Moon bounce? On a boat??
Looking forward to seeing everyone again!
Can't wait!!
Count me in Mariya! Thanks for starting early!
Excited!! It may cut the cost down if they allow us to have it at West Potomac.
Let's do something fun but not try too hard. People will either come or they won't, I don't think anybody can really be wowed with activities etc. but people want a time, venue and excuse to see some old friends.
I still live sort of nearby and can help on a limited basis (set-up and take-down), just don't make the event weird.
Super excited!
You guys are the best for putting this all together!
It would be great to have the reunion around Christmas so folks are already back in town!
Please try to make the event affordable for everyone, not just those who have managed to be successful.
excited, thanks for organizing!

Best class it's going to be fun no matter what
Would be interesting to collect location info from people to show where everyone is these days.
Hoping to make it, but military orders (husband's), trump my schedule. I hope you have a great reunion if we can't be there.
I can't wait!!! I hope we can get at least 100 attendees.
